LEM-170

Overview

The LEM-170 is an axial gap DC brushed motor suitable for traction and industrial applications.

Example applications include compressors, sweepers, mopeds, golf carts and pumps.

The LEM-170 is available in 95, 126 and 127 strip armatures with magnet grade selection dependant on application.

Features

- High efficiency (up to 90%)
- Lightweight design (8.5kg)
- Simple electronic control
- Long brush Life
- Interchangeable Shaft
- Rugged Construction
- CE Marked
- Ip20 rating
- Available from 12 to 60v
- Speed proportional to voltage

Typical Technical Data Curve

Data from 170-D127
